About the Show:

Mr Johnny & Sharon present a lively and interactive music show for children up to age 8. Songs combine traditional favorites and original tunes backed up by guitar, keyboard and nice vocal harmonies. Johnny adds humor and wit along with clever and sometimes silly lyrics. Sharon encourages the children to participate through gestures and movement.

The audience will play along with rhythm sticks, scarves, bean bag animals, streamers, bubbles and more. Activities include tapping sticks fast/slow, high/low, on your head and on your tummy. Colorful scarves are next as the kids wave scarves in the air, cover their eyes, say surprise. Bean bag animals dance, hop, hug and fly to "Where is Thumpkin". More fun with "Aint No Bugs on Me" where mom, dad and kids quickly pass the bug around the room. These are just a few examples of the many songs designed to get the kids hopping, singing, laughing and learning.

Johnny and Sharon have been performing children's music shows for nearly 10 years. Their combined experience and ability to recognize the unique needs of each audience makes them effective entertainers. They frequently modify shows depending on size, age group and energy level of the kids. Johnny uses many positive techniques throughout the show to keep children in control yet encourage self expression and the true enjoyment of music.
